SHOP HOURS  
Tuesday-Friday 9:30 am-5:30 pm  
Saturday 9:30 am-5:00 pm

Hey all,

We are waiting with bated breath the arrival of **our final trunk show** for the summer. We hope that if you have been able to come to any or all of the trunk shows that you have taken away some great ideas and hopefully a few new projects. Our last one will be just as great as the others. Please join us this Saturday for **JOINED AT THE HIP'S NEWEST SERIES -- DOOR DRESSINGS**.

A couple of years ago they had designed a series of great wall quilts that fit a beautiful wrought iron hanger with a star ... if you still have the hanger, the Door Dressings series will fit it perfectly! We also have another hanger that looks super with it! The new designs are seasonal in nature and we have a prediction that we know **witch** one will be the favorite!!!

We'll start our program at 10 am on Saturday, but remember that we'll have all the quilts for a couple of weeks afterward. You can always stop in and take a look at them at your convenience.

We're also getting geared up for our upcoming visit from **Beth Ferrier on the 26th-28th of this month**. Beth is a master machine appliquéer and her methods are truly unique. We're really excited to have her come back for another series of classes.

You can look on our **Guest Teachers** page for a listing of what she'll be teaching and when. Unfortunately, her beginner's class is full, but for those of you who were wondering if you can take the advanced class without taking a class with Beth previously, in her words - "I'll get them across the goal line - no problem!" So if Saturday works for you, feel free to give us a jingle and we'll get you registered.

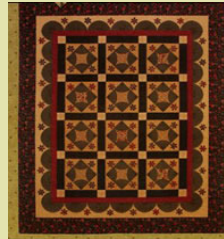

Some of the **new items in the shop** ...

- **My Runners by Disa Designs** - great new tablerunners for the upcoming holidays!
- **Bopple Ball Baby Toy** - for you Grandmothers out there with a new baby in the family.
- **Scribble Monsters Wall Quilt** - very fun for Halloween decorating.
- **Sewline Needle Threader** - a great new threader for hand sewing needles, compact for traveling.

See these and more new items on the **Latest Additions** page.

**Lynn Hagemeyer** should also be on your calendar for September. She is the author of tons of books and patterns for Kansas Troubles and designs all those luscious fabrics for Moda! She'll be here **September 16th-18th** ... teaching 3 different workshops along with being the hostess for our traditional Friday Night Dessert Party.
